

For the Love of Kin

Historical moments in time...

"This story is told by Pecorino, the sheep who provided his cells for the cultivated meatballs."

For the Love of Kin

is a fictionalised version of what really happened in South Africa in 2024 when *Compassion in World Farming* CEO, Philip Lymbery accepted an invitation from pioneering food company *Newform Foods* to sample its cultivated lamb meatballs.

The fact that a very happy, healthy sheep, still enjoying life at the *Greyton Farm Animal Sanctuary*, had provided the meatballs, was motivation enough for Philip to break his 40-year fast from meat.
