Subject: Re: Proposal for humane education research project

Good morning Louise

I have spoken to our LO head of department and we agree in principle to your request.

I do have a few questions: does someone from your organization come and teach the lessons? Or should our teacher facilitate. If so, do you provide lesson plans?

You could communicate directly with Ms Sass (her e-mail address is included with this e-mail) for expedience.

Kind regards

Lizette Visser

Good day Ma'am

We are really looking forward to having you (Humane Education) working with our kids during terms 2 and 3.

Thank you again for being willing to help educate our learners at Gordon High School.

Kind regards
Sonja Sass
